MINERAL INDUSTRY days '22

When: Monday 28th - Wednesday 30th of March

Place: Clarion Hotel & Congress Oslo Airport

Welcome to the Mineral Industry days`22

Welcome to the Mineral Industry Days Mach 28th-30th. The event will take place at Gardermoen, just outside Oslo. During three days, we offer an exciting and relevant program with top speakers from home and abroad. The themes range from the situation for critical raw materials in Europe, the need for long-term financing, to HSE, the environment and the use of Norwegian natural stone. You participate in the sessions that suits you. You will meet, among others, Minister of Trade and Industry Jan Christian Vestre, political scientist Asle Toje and key people from the EU system such as Peter Handley from the EU Commission and Secretary General of Euromines and UEPG.

Mineral Industry Days is basically a Norwegian conference, but we do have several-key speakers in English.

We look forward to welcoming you to Gardermoen!

Anita Helene Hall

Secretary General
